2. Homepage :

As in the picture our homepage contains :

- 1. : A top navigation bar
- 2. a static banner
- 3. Categories for test series , quizzes & mcqs
- 4. Customer opinion
- 5. Partners
- 6. Footer section : contains slogan for our website , links to different categories & a follow us section

Changes to be made

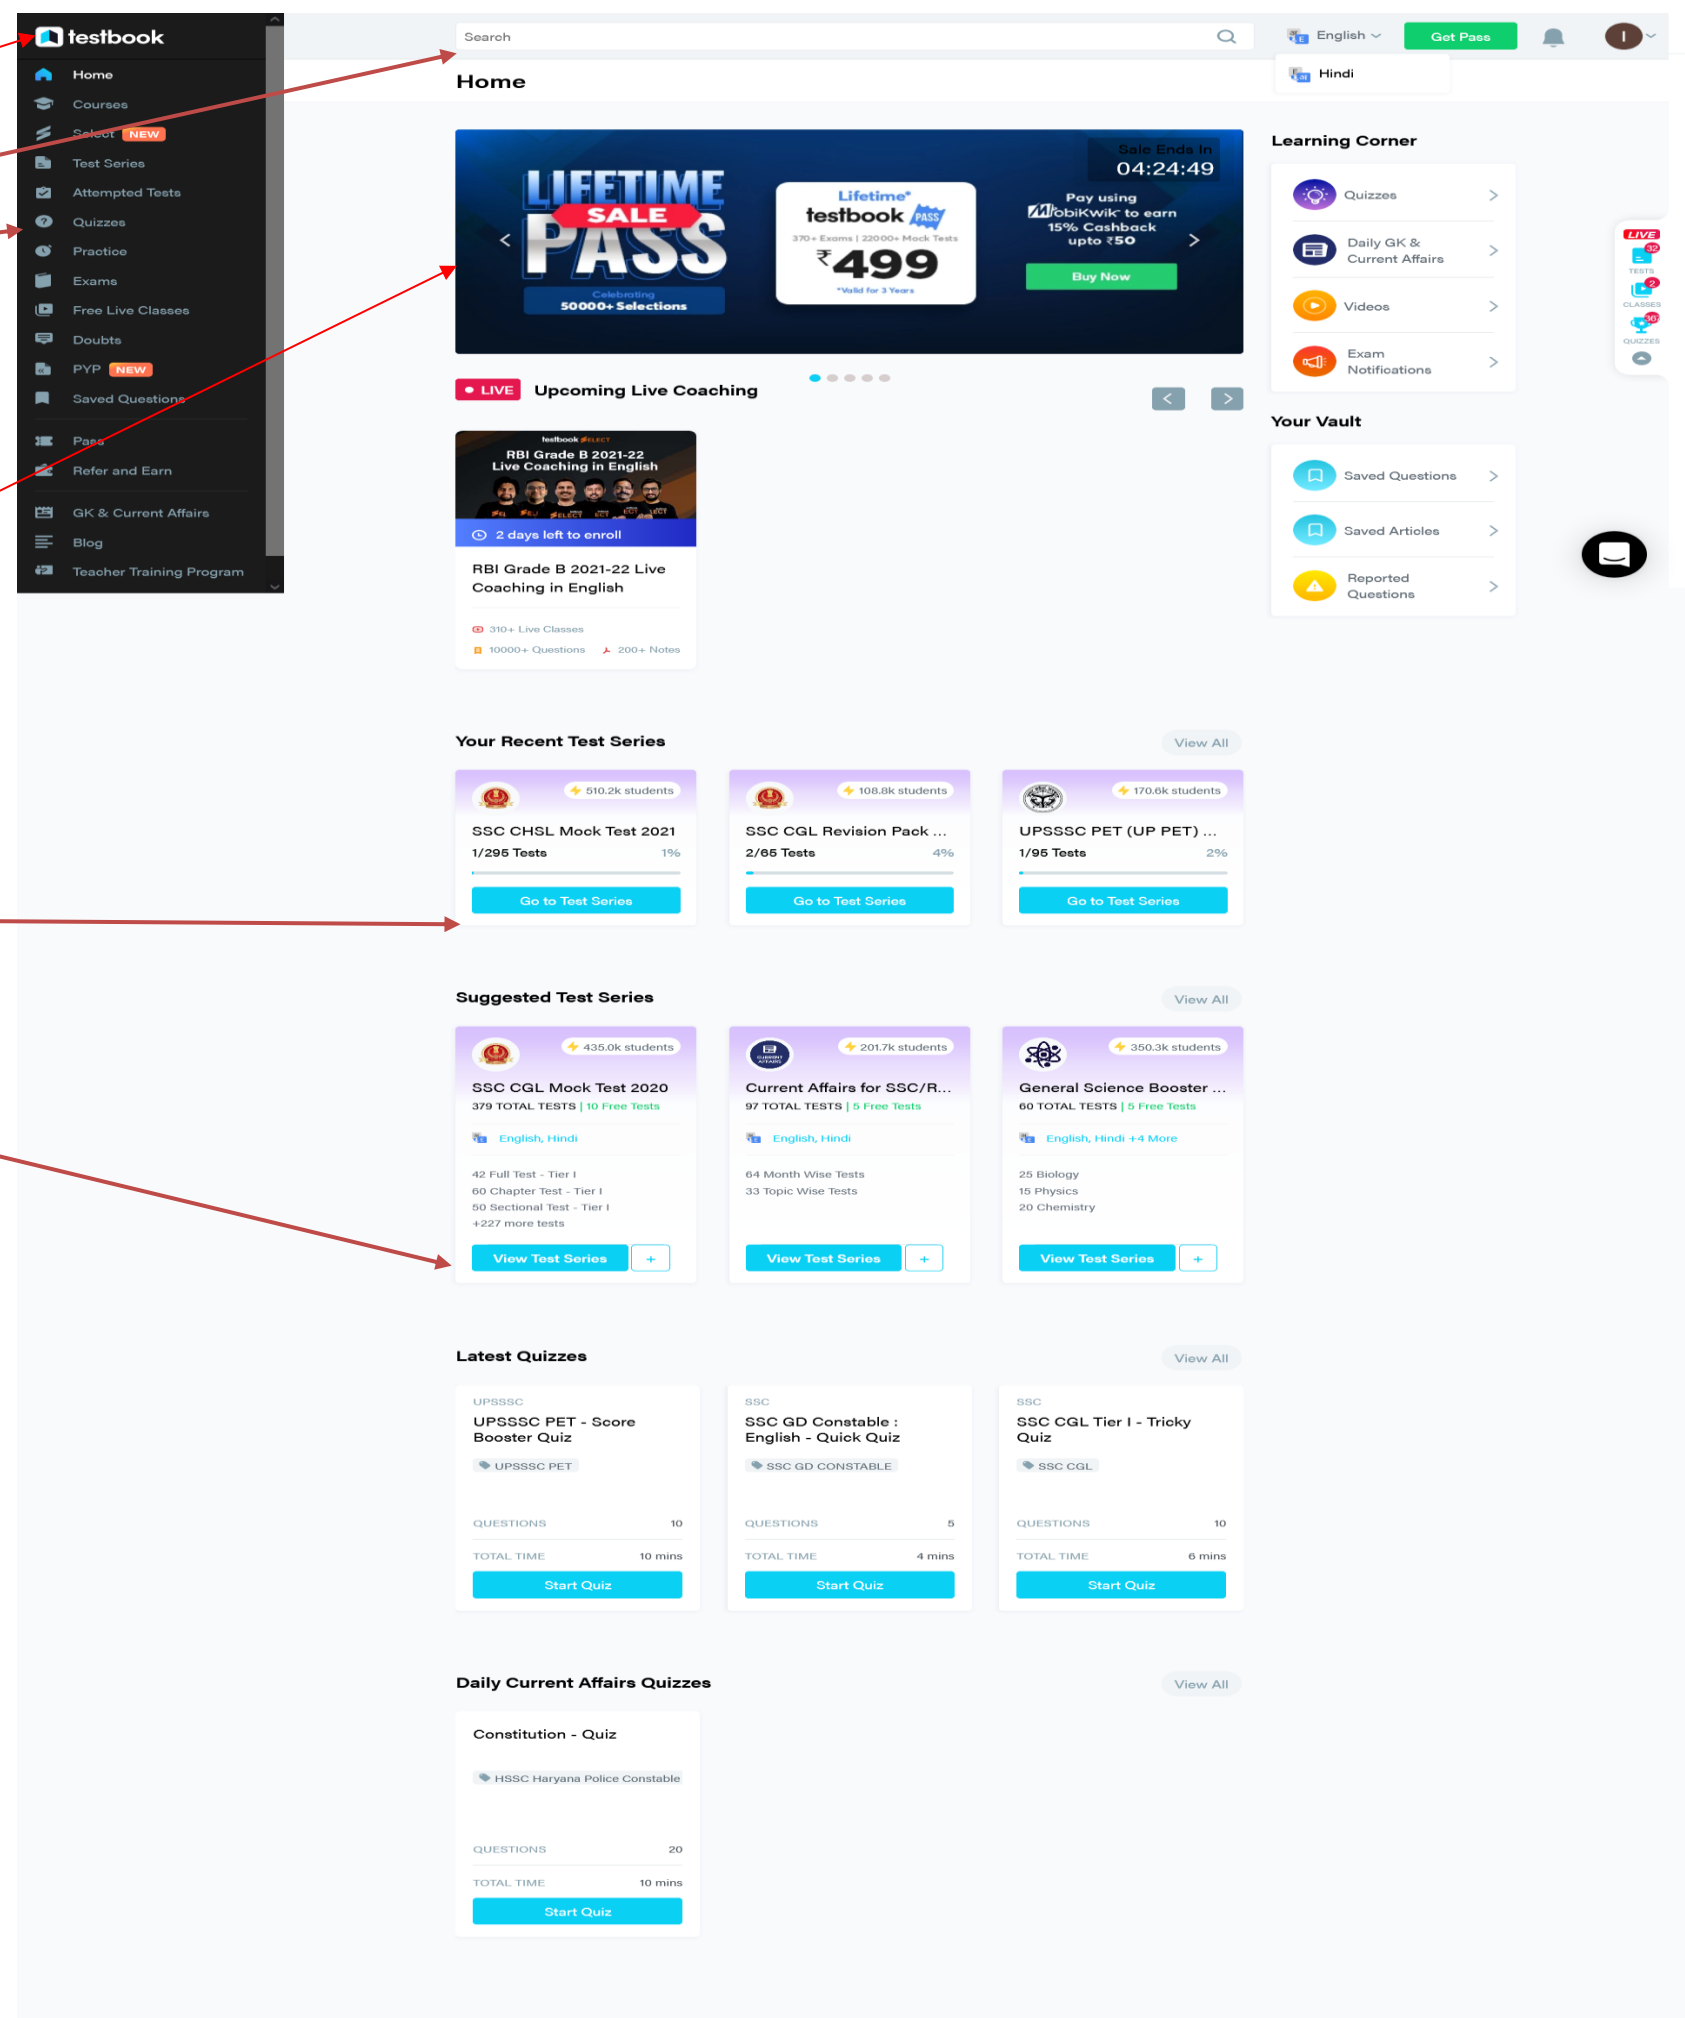

- I. Top bar should contain a search bar, language change button, a bell icon for notification and Profile icon for profile management (as shown in figure)
- II. Left sidebar should be integrated for Navigation
Top of sidebar contain brand logo

Sidebar Contents

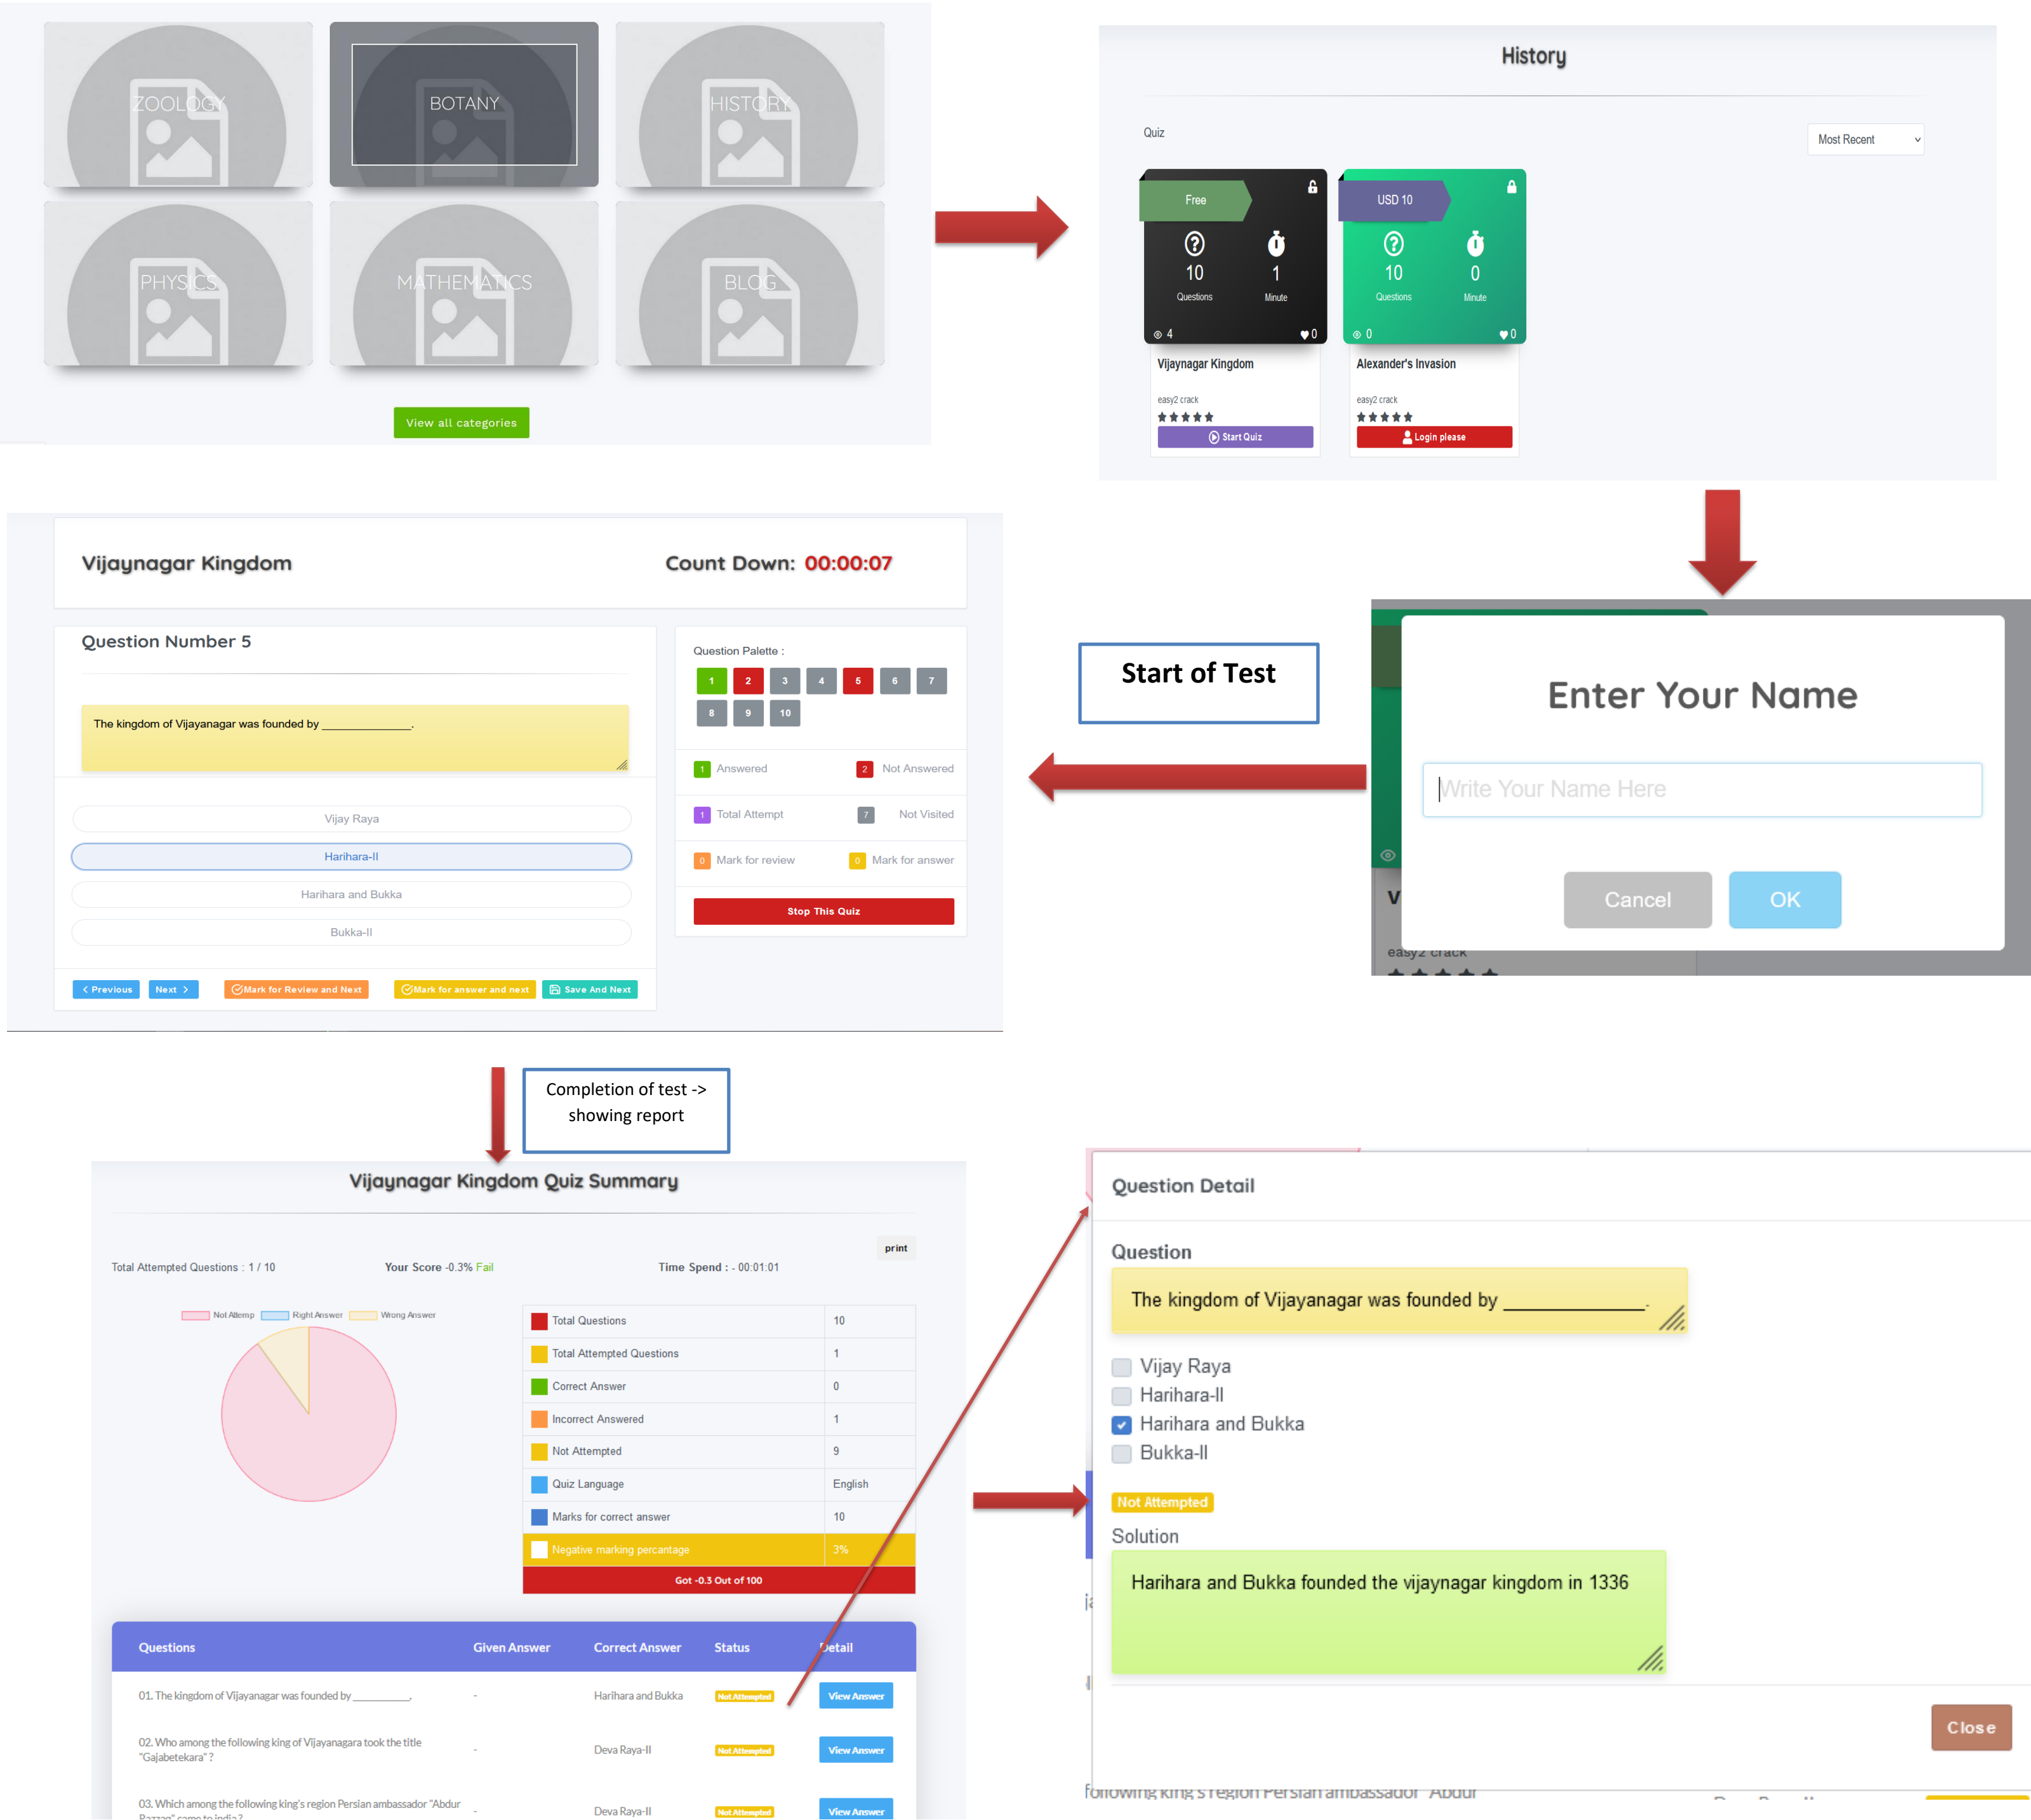

- a) MCQ
- b) Quiz
- c) Test Series
- d) Current affairs
- e) Carrier
- f) Blogs
- g) Articles
- h) E-books
- i) Help & Support

III. Main Content :

- a) On the top : A slider should be placed and contains advertisement for sell of test series & other course packages
- b) Live Test section
- c) A section will show user's recent test series
- d) MCQ section
- e) Quiz Section
- f) Online Test

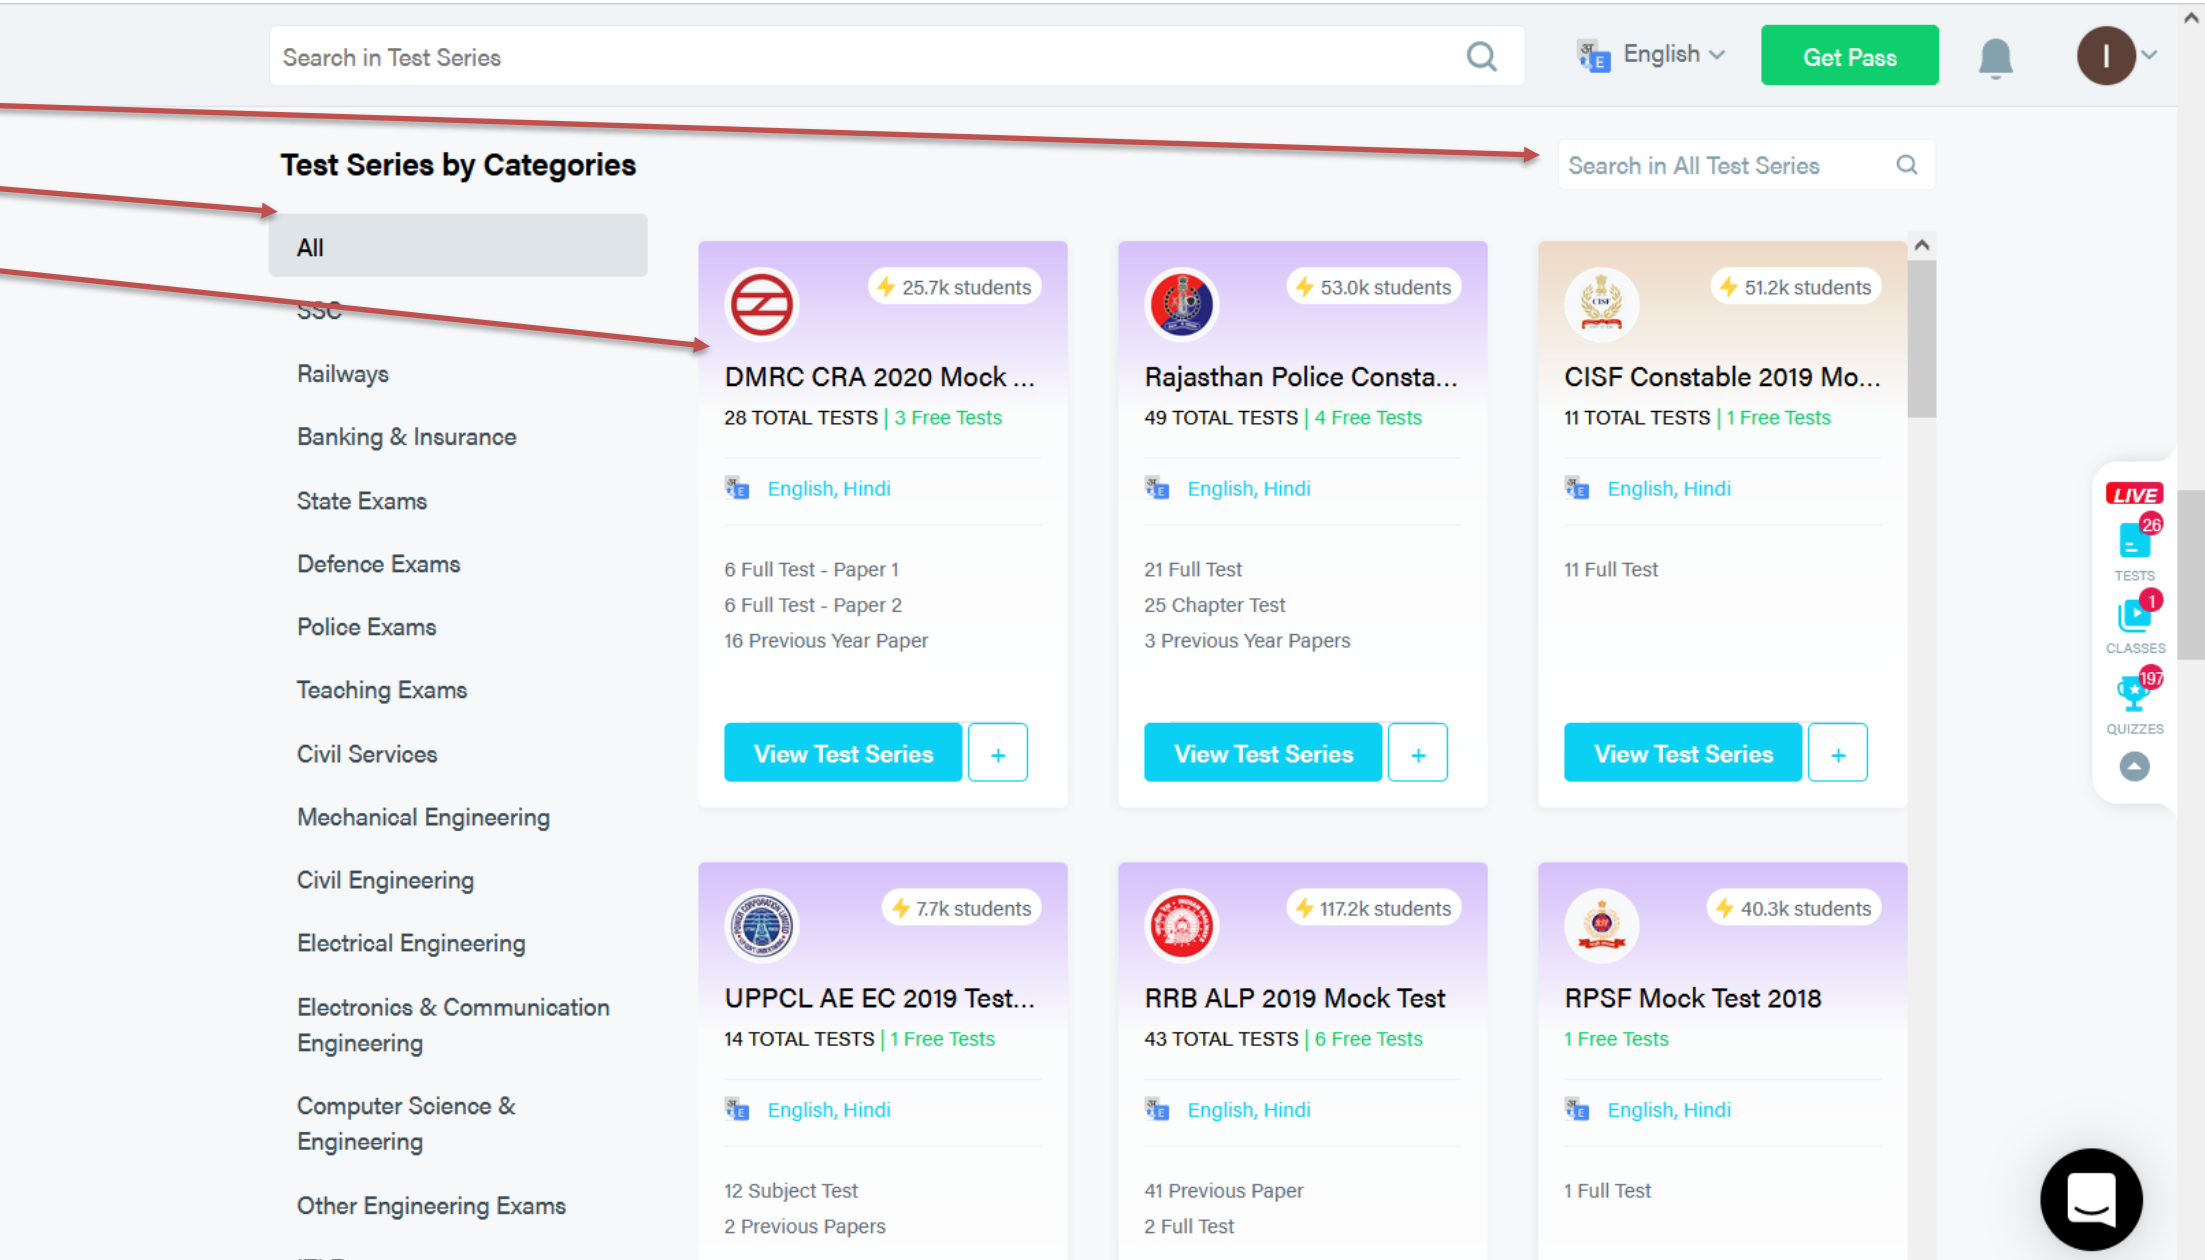

3. Test Series : Our test series layout

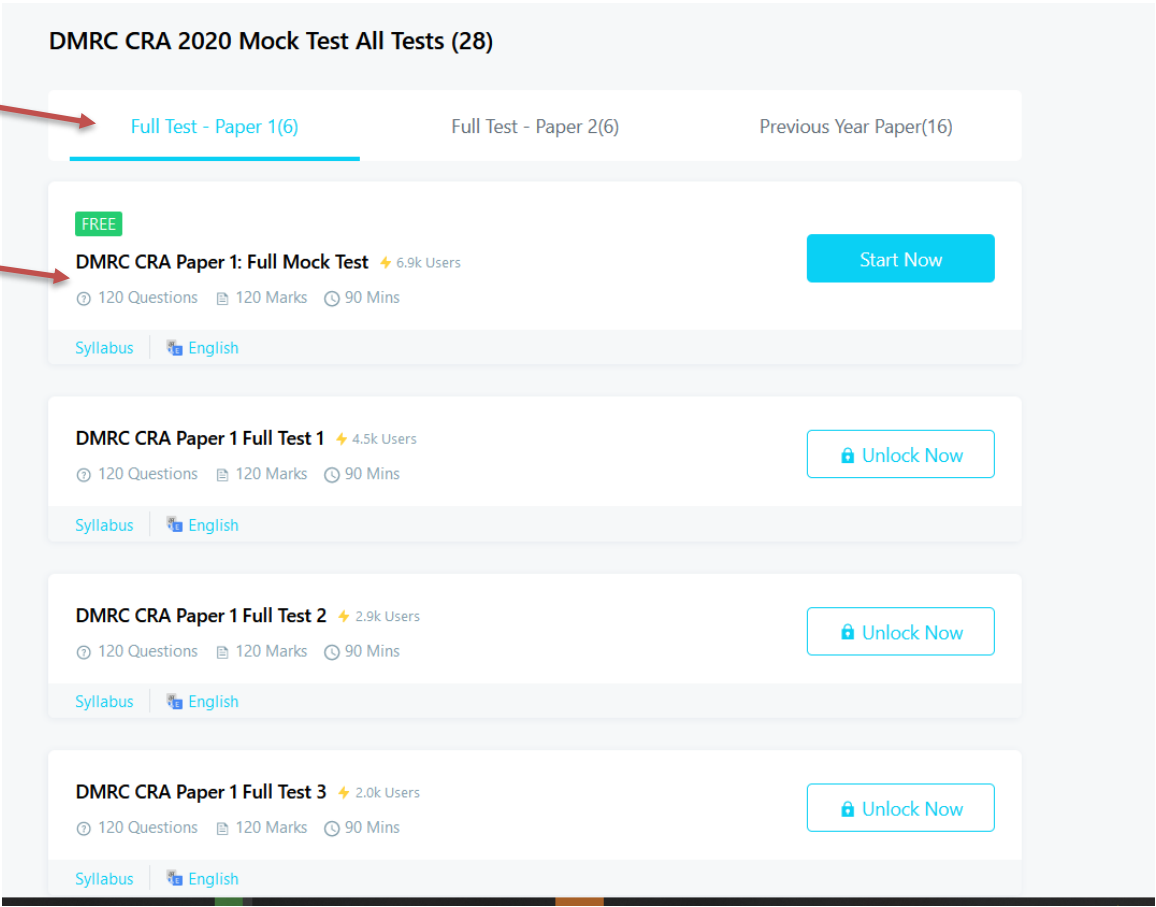

Modification to be done on test series:

- A. There should a search section in test series
- B. Test series should be filtered by category
- C. Test series should be shown in card so, the UI will look pretty for user

- D. Click on each mock test series : Should show full list of test series for that exam filtered by free and paid test
 - Each card show : Name of exam , total number of questions, total time and number of user given that exam and Also have a option to choose language(as shown in figure)
- E. Please Visit <https://testbook.com/home> for reference

F. There should show below 2 pages instruction before start of the test

General Instructions:

1.

The clock will be set at the server. The countdown timer at the top right corner of screen will display the remaining time available for you to complete the examination. When the timer reaches zero, the examination will end by itself. You need not terminate the examination or submit your paper.
2.

The Question Palette displayed on the right side of screen will show the status of each question using one of the following symbols:
- You have not visited the question yet.

You have not answered the question.

You have answered the question.

You have NOT answered the question, but have marked the question for review.

You have answered the question, but marked it for review.

The **Mark For Review** status for a question simply indicates that you would like to look at that question again. If a question is answered, but marked for review, then the answer will be considered for evaluation unless the status is modified by the candidate.

Navigating to a Question :

3.

To answer a question, do the following:
1.

Click on the question number in the Question Palette at the right of your screen to go to that numbered question directly. Note that using this option does NOT save your answer to the current question.

2.

Click on **Save & Next** to save your answer for the current question and then go to the next question.

3.

Click on **Mark for Review & Next** to save your answer for the current question and also mark it for review , and then go to the next question.

Note that your answer for the current question will not be saved, if you navigate to another question directly by clicking on a question number without saving the answer to the previous question.

You can view all the questions by clicking on the **Question Paper** button. **This feature is provided, so that if you want you can just see the entire question paper at a glance.**

Answering a Question :

4.

Procedure for answering a multiple choice (MCQ) type question:
1.

Choose one answer from the 4 options (A,B,C,D) given below the question, click on the bubble placed before the chosen option.

2.

To deselect your chosen answer, click on the bubble of the chosen option again or click on the **Clear Response** button

3.

To change your chosen answer, click on the bubble of another option.

4.

To save your answer, you MUST click on the **Save & Next**
5.

Procedure for answering a numerical answer type question :
1.

To enter a number as your answer, use the virtual numerical keypad.

2.

A fraction (e.g. -0.3 or -.3) can be entered as an answer with or without "0" before the decimal point. **As many as four decimal points, e.g. 12.5435 or 0.003 or -932.6711 or 12.82 can be entered.**

3.

To clear your answer, click on the **Clear Response** button

4.

To save your answer, you MUST click on the **Save & Next**
6.

To mark a question for review, click on the **Mark for Review & Next** button. If an answer is selected (for MCQ/MCAQ) entered (for numerical answer type) for a question that is **Marked for Review** , that answer will be considered in the evaluation unless the status is modified by the candidate.
7.

To change your answer to a question that has already been answered, first select that question for answering and then follow the procedure for answering that type of question.
8.

Note that ONLY Questions for which answers are **saved or marked for review after answering** will be considered for evaluation.
9.

Sections in this question paper are displayed on the top bar of the screen. Questions in a Section can be viewed by clicking on the name of that Section. The Section you are currently viewing will be highlighted.
10.

After clicking the **Save & Next** button for the last question in a Section, you will automatically be taken to the first question of the next Section in sequence.
11.

You can move the mouse cursor over the name of a Section to view the answering status for that Section.

43% answered correctly

Save

Report

The average of four consecutive multiples of four is 78. What is the product of smallest and the largest number?

×

5760

6068

✓

6048

6384

Solution

The average of four consecutive multiples of four is 78.
Let the numbers be x, x + 4, x + 8, x + 12.
Now, $\frac{x + x + 4 + x + 8 + x + 12}{4} = 78$
 $\therefore 4x + 24 = 312$
 $\therefore 4x = 288$
 $\therefore x = 72$
